There Have Been many Police Officers who  
Have Been Killed By Criminals. Some Have  
Been Shot, Stabbed or run over. IN These  
Instances, there were Specters of Premeditation.  
I Have Been convicted, sentenced, Probated,  
violated and sentenced. you may Pick and  
choose, cut out and derive any words.  
as your Paper Has noted over the years, there  
Have Been numerous men who were convicted  
and sentenced and crudely written about.  
But IN The End, were Perfectly Innocent.  
Some men are not awarded 100 million  
Dollars, simply Because of no other reason  
than your Government Lied and Falsified  
evidence to convict them. I did not know  
Officer Terrence Hurley or Francis Foley. I  
did not conspire with anyone, much less  
Alfred Trankler who IS Innocent, to kill  
or maim anyone, much less Two Police  
Officers I Had never met, nor was  
any evidence, otherwise untainted evidence,  
ever given to support those facts. I also  
was not convicted nor charged with  
Premeditation. To Be a cop killer to me  
IS someone who Intends to kill Police.  
I wont call IT an accident or any other  
way. ITS not my doing. I Had nothing  
to do with the Roslinale Bomb Incident.  
IF The Police, like the crooked FBI,  
want to continue with this charade  
and not give Hint to other obvious Possibilities,  
that IS Their choice. But That does not mean  
that I will sit Back and Be Quiet. I am  
upset, and rightfully so. ~~The~~
