Reenactment of T.Shay trip Sun.		11/17/91

On Sunday November 17, 1991 Team # 5 with Supervisor Vic Palaza and agent Ed Crowley of the A.T.F. took the vehicle belonging to Thomas Shay to 39 Eastbourne Street Roslindale. There they met attorney Alan Pransky and his client Thomas Shay.

A three car caravan left under the direction of Thomas Shay to reenact his movements of the morning of Sunday October 27, 1991. A video camera recorded the entire trip which started in Roslindale and went to Malden, Chelsea, South Boston, Mattapan and returning to the origin.

A replica of the device made by Team # 5 was placed under said vehicle. This device stayed on through out the entire trip. At the driveway at 39 eastbourne Street said vehicle was backed into the driveway a number of times. The device adhered to the vehicle during this exercise.
