Re: William David Lindholm

Dear Paul:

Thank you for your letter of today.

I have conferred with Mr. Lindholm, and it is his wish to receive a reduction of his sentence on motion of the United States, notwithstanding the position he expressed at the Trenkler trial. Accordingly, he does wish to pursue a Rule 35(b) motion to accomplish such a reduction.

This does not alter in any way the facts set forth in my preceding letter; he is well aware that he has no agreement with the United States to receive any benefit for his testimony in the Trenkler case.

Very truly yours,

Roger A. Cox
