RE: New England Innocence Project

Dear Mr. Trenkler:

Thank you for submitting your case for review by the New England Innocence Project. In compliance with NEIP policy, we are unable to accept your case because you have already retained and are represented by counsel. We are therefore returning your questionnaire dated June 25, 2007. In addition, as you may be aware, the mission of the New England Innocence Project is limited to providing pro bono legal representation to inmates who are seeking to demonstrate their actual innocence through DNA testing of biological evidence from their case.

We are sorry we are unable to assist you, but hope that you are able to successfully pursue your claim of innocence.

Sincerely,  
*NEIP Intake Coordinator*

cc: Joan Griffin, Esq. (w/out encl.)
