MEMORANDUM FOR THOMAS SHAY
REG. NO. 19193-038
FROM: *H. J. Marberry*
H. J. Marberry, Warden
SUBJECT: Inmate Request to Staff

This is in response to your Inmate Request to Staff addressed to D. Scott Dodrill, Regional Director, Northeast Regional Office, which was receipted in my office on November 14, 2007, for response. In your correspondence, you request an investigation by the Northeast Regional Office into your placement in the special housing unit and also request a transfer to FCI Ray Brook, New York.

A review of your case reveals you arrived at FCI McKean, Pennsylvania, on October 19, 2007. You were placed directly in the special housing unit due to information received prior to your arrival indicating you should not be placed in general population for safety and security concerns. The Special Investigative Supervisor has concluded an investigation and has determined you can not be housed in our general population. Therefore, your unit team will submit a Close Supervision transfer once your release date has been calculated by the Designations and Sentence Computation Center (DSCC). We can request a transfer to FCI Ray Brook; however, the DSCC will make the final determination on the transfer destination.

I trust this response addressed your concerns.
