

Dear Karen Mervinella

RE: Roslindale Bomb Blast.

about 15 years ago you interviewed me from  
the Plymouth county Jail. The Tape Later became  
evidence which sent myself and ALFRED Trankler  
to prison for life and 15 years, the latter being  
my sentence.

However I think ITS BEEN a little too long  
in telling you the truth. The Truth of all my  
lies. But dont worry, this time theres PROOF to  
support that I had to be LYING. which IS good  
for me and you. you see son Hoping you  
will have a reporters dignity to stand up and  
report the truth. The truth makes a bigger splash  
when so much wrong has been committed.

None of my statement that day so long ago  
was truthful. IT was all lies. Lies for a  
mentally ill young man seeking attention.

The IDEA of a surprise was fed to me by agent  
JEFF Kark and your interview was the IDEA of  
former Prosecutor Paul Kelly. I did not purchase  
anything at radio shack, ALFRED Trankler and I knew  
each other less than eight hours, we never discussed  
family or anything outside of the gay scene and  
rides I seeked from him home after missing  
the red line train home.

The Boston Police I Believe were on the right track while they investigated my father. He had mob ties, gambling debts, enemies.

So I will ask you Ms. Marinella, why would the ATF produce a fraudulent Radio Shack receipt? especially if they thought we were truly guilty. I'll give you some supposition. The ATF needed their own positive publicity after Waco and Ruby Ridge.

So I enclose to you an affidavit from the Terry Caperton's General Counsel, attesting to the fact that nothing on the Radio Shack receipt except the address and store #, is correct. None of the items I claimed to purchase in our interview even existed, even the receipt # is bogus.

So why would the ATF produce a fraudulent receipt and perjured testimony from an immigrant radio shack ~~employee~~ clerk? I'll tell you why. Because there was no evidence against us, the entire case is based upon lies.

So I'm asking you to help bring real justice to Jeremiah Hurley and Francis Foley. Convicting two innocent men isn't justice. I encourage you to reinvestigate. I offer you to visit the web site [AlfredTranklerInnocent.org](http://AlfredTranklerInnocent.org) which has many other pieces of interesting data and inconclusive evidence including letters from

THree Jurors on ALFred's Jury whom Have written Judge Zobel to ask For a new Trial For Him.

ALTHOUGH as you know I am not a credible witness, I offer you myself, my codefendant, Morrison Bonfasse, or John D. Wallace to interview to Bring closure and Justice to this Terrible Tragedy.

I'VE Had all the ATTENTION, negative ATTENTION my lies caused, my lies encouraged within the Justice system.

What IS ETHICAL? Some say that that interview made you correct. So, would Breaking this story lessen it or strengthen your resolve to Tell your audience the truth or to keep them in the dark. It may Be an old story But like salvati, even a man who spent 30 years in prison for a crime the feds knew he didn't commit, deserves Justice at the end.

I can only hope, for the sake of ALfred Trankler, an innocent man, and two Police officers, you will help see Justice Served. as for myself. I can't recapture my youth. my lost time were caused by my mental instability, in lies.

Take care

THANKS
