

Dear U.S. Attorney Sullivan,

3-31-09.

Sir,

You have in your possession two pieces of evidence that show that the key piece of evidence that holds Alfred Trankler and myself in conspiracy is fraudulent.

On the week AUSA Kelly and Agent Kerr showed me the mock receipt from RadioShack, I later, few days later claimed to have purchased the items in an interview on channel 56.

During trial AUSA Kelly offered the mock receipt, a RadioShack clerk and the channel 56 interview as evidence.

RadioShack is a computer operated store and its computer data sheets for the day I claimed to have purchased the items, and the entire month show none of those purchases.

The General Counsel of the Terry Corporation wrote in an affidavit that the receipt offered at trial was fraudulent. None of the information on it, including the items or serial # exists. which means two things. AUSA Kelly offered fraudulent evidence and fraudulent testimony during trial. and it also proves my emissions on the video tape of channel 56 were lies.

Please find Justice for Alfred Trankler Sir.
He is innocent.

Al St
