Report Re: (Louis Ciannarco & Polygraph Testing Jeffrey Berry)		Date 11/04/91

Detective's O'Malley and Thomas went to 106 Washington Street, Dedham the Dedham Service Center and meet Louis Ciannarco and Jeffrey Berry. Both men are involved in a Civil Action, with them as the defendants against Thomas L. Shay. We disclose to them that it would further our investigation into the bombing and death of Police Officer Jeremiah Hurley if they agreed to a Polygraph Examination. Both men readily agreed and only wanted to know what date. They further explained that they had already discussed this question with their counsel and that they had no objections.

Informed Victor Palana of Alcohol Tobacco and Firearms of this and he was going to communicate with the Polygraph Examiner for an appointment within the next two days.
